Power BI Developer @ Onepoint
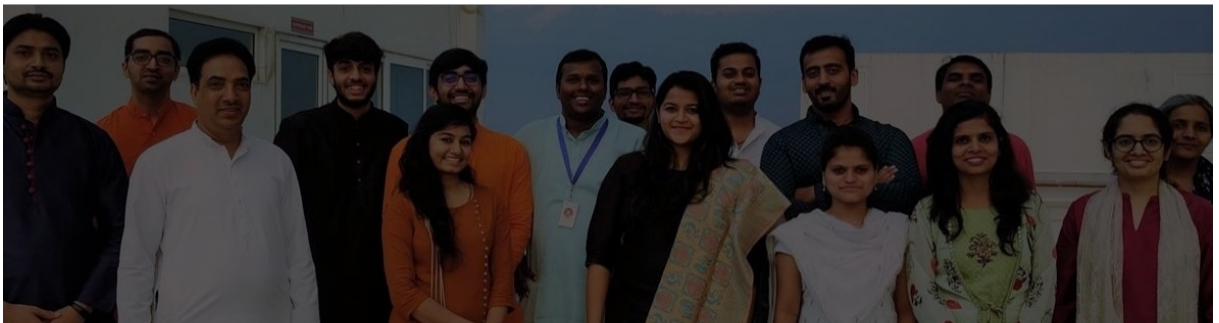

(PUNE_JD2022-10_IN.003)

Become part of Team Onepoint

Onepoint does more than solving complex digital challenges. It is a place for you to explore your potential, elevate yourself, and transform your career. An opportunity to belong to a diverse international team knit together by a culture built on respect and integrity. A team with deep technical and business expertise, emboldened by a supportive, nurturing environment. An environment that celebrates the diversity of thinking, knowledge sharing, innovative mindsets, personal growth, and career progression. Add in the company's forward-thinking management and a commitment to offering a healthy life-work balance, and you start to get an insight into the magic sauce that makes Onepoint a uniquely special place to work.

A boutique, values-driven, business-oriented technology consultancy, Onepoint's teams architect, prototype, build, and manage enterprise-grade solutions for global clients to help them realise their strategic digital priorities.

Discover Onepoint

About the role

As a Power BI Developer, you will be responsible for developing and administering BI tools. You will also build interactive and user-friendly dashboards and reports to transform raw data into meaningful insights. You are passionate about data analysis and business intelligence, have a keen eye for detail and love to represent data in visual forms. Working together with highly skilled technical experts you will be a driving force in building world-class solutions for our clients across the globe.

Contract type	Permanent, typically working from UK 8:00 am – 5:00 pm and it may vary as per client requirement
Location	Pune, India
Experience	Up to 3 years

What will you work on

- Design, develop, deploy and maintain BI tools and services.
- Collaborate with business teams to understand reporting requirements.
- Collaborate with technical teams to deliver intelligence services from data.
- Troubleshoot, debug and maintain existing BI services.
- Recommend and execute improvements to solutions and processes.
- Create technical documentation for reference and reporting.

Who will you work with

You will be reporting to the Technical Lead. You will work with Onepoint Project Leader, client-side Project Manager, and other talented Onepoint teammates.

What you will bring to the team

- Minimum Bachelor's Degree in Computer Science or equivalent stream.
- Experience in developing intuitive dashboards, reports, paginated reports, and implementing Security and Authorization using Power BI.
- Experience working with SQL like query languages and Data warehousing technologies.
- Experience in performance tuning, data analysis and modelling.

What strengths you will bring to the team

- Excellent written and verbal communication skills in English.
- Excellent interpersonal skills to collaborate with various stakeholders.
- A learning enthusiast who loves constant learning and enjoys new challenges.
- A proactive Self-Starter with excellent time management skills.
- Data analytical skills to raise the right questions and understand the big picture.

We want to know more about you

So, you know a bit about us now. To get us started, we would love to get a little glimpse into what you are about. Send us your CV and short answers to the four questions below to careers-india@onepointltd.com.

1. What virtue, do you value the most at work and why?
2. How do you keep up to date with the technology that is constantly changing?
3. How soon will you be available to join if appointed?
4. What is your current and expected salary?

Benefits

We continually empower our employees to take charge of their career & personal well-being. Besides the life-work balance, self-development, and participative decision-making, you also tap into the following array of perks:.

• Flexible working.
• 18 days of annual leave.
• Provident fund.
• Comprehensive Health Insurance coverage of INR 5 Lakhs will be provided for the duration of employment, for the employee, spouse, and children. Insurance can be optionally taken for the employee's parents.
