

UI/UX Designer @ Onepoint

(PUNE_JD2023-02_IN.006)

Become part of Team Onepoint

Onepoint does more than solve complex digital challenges. It is a place for you to explore your potential, elevate yourself, and transform your career. An opportunity to belong to a diverse international team knit together by a culture built on respect and integrity. A team with deep technical and business expertise, emboldened by a supportive, nurturing environment. An environment that celebrates the diversity of thinking, innovative mindsets, knowledge sharing, personal growth, and career progression. Add in the company's forward-thinking management and a commitment to offering a healthy life-work balance, and you start to get an insight into the magic sauce that makes Onepoint a uniquely special place to work.

A boutique, values-driven, business-oriented technology consultancy, Onepoint's teams architect, prototype, build, and manage enterprise-grade solutions for global clients to help them realise their strategic digital priorities.

About the role

As a UI/UX Designer, you would be creating front-end design for websites, apps, emails and reports to help clients to improve usability and productivity in a refreshing way. You are passionate about developing designs for existing and new responsive websites and mobile apps. You have vision and talent to develop design work for innovative media concepts. You have an eye for detail, and you don't assume anything. Working together with highly skilled technical experts you will be a driving force in building world-class solutions for our clients across the globe.

Contract type	Permanent, typically working from UK 8:00 am – 5:00 pm. May vary as per client requirement
Location	Pune, India / Remote
Experience	2+ years experience as a UI/UX Designer

What will you work on

- Design user interfaces that are appealing and unique and help intended audiences to feel personally connected to the product or service.
- Create user-centred interactive flows, animations, low and high-fidelity prototypes, and presentations to impress our customers.
- Create skeletons in HTML and CSS from any sketch, wireframe or draft images to help the team giving life to designed user interfaces.
- Create portfolios and document designs in captivating ways to express meaning.

Who will you work with

You will be reporting to a Technical Lead. You will typically work with a Project Lead, a client-side Project Manager, and other talented Onepoint colleagues.

What skills you will bring to the team

- Experience with HTML5 and CSS3.
- Experience with Wireframes software.
- Experience with Microsoft PowerPoint (or similar) tool for presenting.
- Experience with Adobe XD, Sketch, Figma or other design and mock-up tools.
- Experience with imaging and graphic design software tool.
- Experience with animation software tool.
- Knowledge about colour and behaviour theories.
- Knowledge of popular open source CMS such as WordPress, Joomla, etc.

What strengths you will bring to the team

- Excellent written and verbal communication skills in English.
- Excellent interpersonal skills to collaborate with various stakeholders.
- A learning enthusiast who would quickly pick up new programming languages, technologies, and frameworks.
- A proactive Self-Starter with excellent time management skills.
- Problem-solving and analytical skills across technical, product, and business questions.

We want to know more about you

So, you know a bit about us now. To get us started, we would love to get a little glimpse into what you are about. Send us your CV and short answers to the four questions below to

1. What virtue, do you value the most at work and why?
2. How do you keep up to date with the technology that is constantly changing?
3. How soon will you be available to join if appointed?
4. What is your current and expected salary?

Benefits

We continually empower our employees to take charge of their career & personal well-being. Besides the life-work balance, self-development, and participative decision-making, you also tap into the following array of perks:

- Flexible working.
- 18 days of annual leave.
- Provident fund.
- Comprehensive Health Insurance coverage of INR 5 Lakhs will be provided for the duration of employment, for the employee, spouse, and children. Insurance can be optionally taken for the employee's parents.
